 Ice Gray  
 Dazzling Blue  
 Blueberry  
 Gold  
 Apple Green  
 Mosaic Jade  
 Carob Brown  
 Orchid Iris  
 All colors will be in stock by end of February.

### Printed Burlap & Duck Cloth Creating Sales Excitement!

If you haven't seen this new line yet, please check them out on our site! The Camo prints look outstanding- we are doing these on Premium Sultana 60" Burlap and 9.3 Duck in 3 colorways. Customers love the Island Batik and Houndstooth also.

### 2014 Product Price Lists

These lists were mailed out in January. If you didn't get yours let us know and we will mail or email you a copy.

White Shade added to 2x2 Monks Rug-Hooking crafters love the 2x2 count Monks Cloth with the 2" woven grid yarn. We have taken this novelty weave and bleached it, giving it a whole new look. No line, just a beautiful heavyweight Cotton suitable for embroidery, apparel and Home décor projects!

### International Textiles Show Las Vegas March 17-20th

Stop by at the Rio and visit Booth # 226 to see our new fabrics as shown by Sara and Marc.

## Our Delaware Mill: New Textile Finishing Equipment=Exciting New Fabrications!

The Management of Thompson has been on a tear lately in purchasing new technologies and systems to expand our scope of fabric finishing. In the past 6 months, we have added the following:

- FABRIC SANDER
- COMPRESSIVE SHRINKING RANGE
- CONTINUOUS DYEING RANGE

The Sander allows us to put unique surface finishes on any fabric, from a light brush to a deep suede like treatment.

The Shrinkage Range is better known as a Sanforizer. This gives us the ability to pre-shrink Cottons before sending them out to our customers! This is especially

useful for our Apparel and Home Décor manufacturing accounts. Will be able to get as low as 2-3% maximum shrinkage.

Continuous Dyeing systems are enormous! They dye, finish, and dry fabrics in one step. Large dye lots(as opposed to Jig Dyeing 2000

yd lots) allow for much better color consistency.

So, look for new fabric lines in 2014 utilizing these systems!

To our Industrial accounts- yes, we are open to Commission Finishing! Please call your sales rep for a quote.

Vanessa, Gail, Sara, Phyllis, Anna and Judith at our Holiday party in New York on 12-18.
