## SPARKLE BURLAP IN STOCK FOR THE HOLIDAYS!

### Huck Toweling now Off-Sale

Due to unusually high levels of flaws in our new weave lot of 15" Huck Toweling, we cannot ship this poor quality fabric to our accounts. We are sending this back. A new weave lot is now started, and should be here in 3 months.

Is it Linen? Is it Burlap? Here is an exciting new construction with a great texture and look that works on 2 levels! We call it Shannon Cloth, and you are going to rack-up the sales -this is competitively priced.

This fabric is 57"/58" wide, 100% Polyester. Shannon will work in a variety of end-uses, in-

cluding Home Décor projects, Apparel, Party/Event trade deco fabric, accessories-anywhere real Linen and Burlap is used. The big plus—ease of washing, low shrinkage.

ange, Marine, Pink Flambé, Lime Zest, Rouge, White Swan and Licorice. Put-up is 15 yds D/R or 25 yd. rolls
