## BENGAL BURLAP MOVING TO 47"/48" WIDTH

The conversion from narrow 36" width to more popular 48" width on our work-horse craft and utility Bengal Burlap is almost complete. Stock is winding down- as notified by your salesperson earlier this year, soon we will be no longer offering 36" Bengal. We are running the same color palette to make it an easy transition. Put-ups will remain the same, 25 yd. D/R and 40 yd. rolls. Narrow width fabrics have become increasingly costly and hard to find. 48" gives customers many more end-uses!

We are happy to introduce the following new fabrics for Fall 2009!

**-PUL DIAPER FLANNEL-** 27" Cotton Flannel with polyurethane lamination, much in demand today! PUL is waterproof and durable for multiple washings. **-60" SULTANA PREMIUM BURLAP-** we listened to you when you asked for a ultra-fine, tight-weave 100% Jute fabric in a wide width! This new cloth will be excellent for wall-coverings, panels and curtains. Available in Natural, White, Oyster, Red, Sage & Black. Put-up on 20 yd D/R and 35 yd. rolls. In stock!
