## SPECIAL SEWN PRODUCTS ISSUE!

You may not be aware of the fact that James Thompson & Co. is more than just fabrics! Through our Thompson Packaging Novelties division, we can produce most any non-apparel sewn textile product. We have a Sewing operation in Mexico producing finished textile products for a variety of industries. We can offer you small lots, custom-design, fast turnaround and competitive prices on retail and industrial sewn textile products.

Here is a list of items & processes we can do:

-Bags:Totes, Industrial, Coin, Grocery, Filter, Shoe, Goggle/Glasses, Food items, Laundry

-Baby products– blankets, burp pads, bibs

-Miscellaneous industrial product applications made with mesh, elastics, cottons, nylons.

-Die-Cutting ,Printing & Packaging capabilities.

Our advantage is being able to take any of our

versatile basic fabrics and turn them into a finished product! There are 100's of applications we can do using Canvas, Flannel, Muslin & mesh!

We are featuring **CANVAS TOTE BAGS**, available in 24 colors! Consumers are getting fed-up with plastic bags of all types, and want to switch to use ecologically friendly cloth bags. We can print logo or artwork, one color screen.
